PLEASE NOTE

Sizes in the bold typeface represent sizes NOT covered under warranty when ordered as a single unit. We recommend multiple blinds on one headrail for bolded areas. Multiple blinds on one headrail are covered provided that individual units do not fall within the bolded area of the grid. Blinds over 84" in height may not close as tightly because of the weight of this product

Routeless Option: Blinds with no route holes require a 20% surcharge. Two Blinds on one headrail - **\$10 NET** (price blinds separate) Three Blinds on one headrail - **\$20 NET** (price blinds separate) 108" maximum width for multiple blinds on one headrail. Blinds with wide tape have a 15% surcharge. Tile cut-outs, headrail cut-outs and bottomrail cut-outs require a **\$10 NET** surcharge per blind. Blinds under 12" finished width will have a center tilt only and require a **\$5 NET** surcharge. Blinds under 18" finished width must have split controls. Minimum net width is 7". Blinds over 84" in height may not close as tightly because of the weight of this product.

Motorization available; Call for information and pricing as some limitations apply.

Because of extreme weight of this product, special precautions must be taken during installation. Make sure a sufficient number of installation brackets are used and spaced properly. All brackets must be firmly secured with sufficient structural stability.
